Do you already have a specific idea of your financing?

Total loan amount in euros _____ ☐ KfW subsidy desired EUR

Fixed rate period _____ KfW loan amount in euros _____

Initial repayment in % _____ Other costs _____

Further wishes _____

Declaration of the Borrowers, Declaration of Consent

I. Loan brokerage and follow-up support

1. I/we instruct the intermediary to broker a loan for real estate financing and related financial services, and to support disbursement of this loan.
2. I/we authorize the intermediary to forward all required documents (loan application, property and creditworthiness documents, etc.) to a lender intended for financing, to obtain terms from the lender, and to receive all financing-related correspondence on my/our behalf.
3. I/we authorize the intermediary to receive a loan contract offer from the financing lender for forwarding to me/us.

I/we know that binding loan approval can only be issued by a lender itself and that approvals may be revoked at any time, especially if discrepancies from my/our information become apparent.

4. I/we assure that no compulsory measures (e.g. wage garnishment, forced auction, insolvency proceedings) have previously been initiated against me/us. I/we have always properly met my/our payment obligations.
5. I/we act in my/our own economic interest and not at the request of a third party.
6. I/we assure that all information above has been provided completely and truthfully. Incorrect information may lead to contract termination.

II. Data protection information concerning credit agencies

Data transmission to SCHUFA and release from banking secrecy:

The contractual partner (lender/bank/savings bank) transmits personal data collected in this contractual relationship concerning the application for, performance of, and termination of this business relationship, as well as data on non-contractual or fraudulent conduct, to SCHUFA Holding AG, Kormoranweg 5, 65201 Wiesbaden. Legal bases are Article 6(1)(b) and Article 6(1)(f) GDPR. Transmissions based on Article 6(1)(f) GDPR may occur only where necessary to safeguard legitimate interests and where the data subject interests do not prevail. The exchange also serves statutory creditworthiness checks (Sections 505a German Civil Code and 18a German Banking Act). The customer releases the contractual partner from banking secrecy to this extent. SCHUFA processes the data and uses it for profiling/scoring to provide partners with creditworthiness information. Case number: L25934 (document version 5). Further information: www.schufa.de/datenschutz.

Data transmission to Creditreform for freelancers and self-employed persons:

For creditworthiness-related services, the lender transmits data (name, address, date of birth, previous address if applicable, and inquiry reason) to Creditreform for creditworthiness assessment. Legal bases are Art. 6(1)(b) and Art. 6(1)(f) GDPR. Transmission may occur only where necessary to safeguard legitimate interests and where the data subject interests do not prevail. The exchange also serves statutory creditworthiness checks (Section 505a German Civil Code, Section 18a German Banking Act). The customer releases the lender from banking secrecy to this extent. Information held by Creditreform is transmitted to the lender. Creditreform will not separately notify the customer again. Information about stored personal data may be requested from Creditreform at any time. Creditreform provides data only where a legitimate interest is credibly demonstrated. Further information: <https://www.creditreform.de/EU-DSGVO/>.

III. Data protection information regarding processing of your financing inquiry

For processing your financing inquiry, data is processed by your customer advisor and by other companies involved in brokerage, including the EUROPACE platform.

Your contact person has provided the corresponding data protection notices of the companies involved. If this is not the case, please contact him!

IV. Duty to cooperate - tax identification number (tax ID)

1. I/we know that pursuant to Section 154(2a) of the German Fiscal Code I/we must disclose my/our tax identification number.

2. If the tax ID has not been communicated by contract conclusion, please notify the relevant credit institution in writing no later than 14 days after contract conclusion.

3. Since 01.01.2018, credit institutions must collect and record the tax ID for every account holder and every other authorized signatory.

4. If the duty to cooperate is disregarded, the bank must request the tax ID from the Federal Central Tax Office (BZSt) via the automated inquiry procedure. In the event of insufficient cooperation, the credit institution must record this and notify the BZSt.

V. Notice on use of the automated land register retrieval procedure

The lender may use the automated procedure for transmitting data from the electronically maintained land register to check loan applications. This also applies to requests for land register information pursuant to Section 133(4) of the Land Register Code.

The lender may use the transmitted data only if the customer is already a (co-)owner or holder of a heritable building right for the affected property. Data use covers all land registers in which the customer is or will be entered as (co-)owner or holder of a heritable building right.

Consultation

Yes, I would like to receive advice and written documentation.

No, I do not want to receive advice.

☐

By my/our signature, I/we agree to the above assurances and to the use of the automated land register retrieval procedure (Section V). We have acknowledged the data protection notices of the credit agencies.
